Independent Auditor's Report

Carroll County, Illinois Circuit Clerk
Carroll County Courthouse
Mount Carroll, Illinois

Report on the Financial Statement

We have audited the accompanying financial statement of the fiduciary fund of the Carroll County, Illinois Circuit Clerk (a department of Carroll County, Illinois) as of and for the year ended November 30, 2017, and the related notes to the financial statement as listed in the table of contents.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the respective financial position of the Carroll County, Illinois Circuit Clerk's fiduciary fund as of November 30, 2017 in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As discussed in Note 1, the financial statement presents only the fiduciary fund of the Circuit Clerk and does not purport to, and does not, present fairly the financial position of Carroll County, Illinois as of November 30, 2017 and the changes in its financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

The Carroll County, Illinois Circuit Clerk has omitted a management's discussion and analysis for the fiduciary fund that accounting principles generally accepted in the United States require to be presented to supplement the fund financial statement. Such missing information, although not a part of the fund financial statement, is required by the Governmental Accounting Standards Board which considers it to be an essential part of the financial reporting for placing the fund financial statement in an appropriate operational, economic, or historical context. Our opinion on the fund financial statement is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statement of the fiduciary fund of the Carroll County, Illinois Circuit Clerk. The accompanying Statement of Changes in Assets and Liabilities and the Report J Annual Financial Report are presented for the purpose of additional analysis and are not required parts of the financial statement. Report J provides relevant information that is not provided by the fiduciary fund financial statement, and is not intended to be a presentation in conformity with accounting principles generally accepted in the United States. Report J is based on guidelines of the Administrative Office of the Illinois Courts.

The Statement of Changes in Assets and Liabilities and Report J are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. Such information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Statement of Changes in Assets and Liabilities and Report J are fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated February 8, 2018 on our consideration of the Carroll County Circuit Clerk's internal control over financial reporting of the fiduciary fund and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Carroll County Circuit Clerk's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Carroll County Circuit Clerk's internal control over financial reporting of the fiduciary fund and its compliance.

Restricted Use of this Auditor's Report

This report is intended solely for the information and use of Carroll County, the appropriate local governments within that county, the pass through agencies of the State of Illinois, the Illinois General Assembly, and the Governor of the State of Illinois and is not intended to be and should not be used by anyone other than these specified parties.

This report is prepared to meet the Circuit Clerk Audit Guidelines required by the Administrative Office of Illinois Courts.

Description of Fund and Significant Accounting Policies:

The Agency Fund is custodial in nature and does not present results of operations or have a measurement focus. The Agency fund is accounted for using the modified accrual basis of accounting. This fund is used to account for assets that the Circuit Clerk holds for others in an agency capacity:

The LGIP is not registered with the Securities Exchange Commission as an investment company. The LGIP operates and reports to participants on the amortized cost basis. LGIP pool shares are bought and redeemed at \$1 based on the amortized cost of the investments in LGIP. The investment is not subject to the fair value hierarchy disclosures.

Concentration of credit risk:

There was no increase in the fair value of investments during 2017.

Information about the sensitivity of the fair values of the Circuit Clerk's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the Circuit Clerk's investments by maturity:

Note 2 Cash and Investments (continued):

Credit Risk:

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the Circuit Clerk's investment policy, or debt agreements, and the actual rating as of year-end for each investment type:

Investment Type	Total As of November 30, 2017	AAA	Aa	Unrated

As of November 30, 2017, there are no investments with custodial credit risk.

**Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed
in Accordance with *Government Auditing Standards***

Carroll County, Illinois Circuit Clerk
Carroll County Courthouse
Mount Carroll, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statement of the Agency Fund of the Carroll County, Illinois Circuit Clerk (a department of Carroll County, Illinois) as of and for the year ended November 30, 2017, and the related notes to the financial statement, which collectively comprise Warren County, Illinois Circuit Clerk's basic financial statement, and have issued our report thereon dated February 8, 2018. Our report on the financial statement includes an emphasis-of-matter paragraph drawing attention to Note 1 to the financial statement of Carroll County, Illinois Circuit Clerk, which states that the financial statement is intended to present only the Agency Fund of the Circuit Clerk and does not purport to, and does not, present fairly the financial position of Carroll County, Illinois or Carroll County Circuit Clerk. This report is prepared to meet the Circuit Clerk Audit Guidelines required by the Administrative Office of Illinois Courts.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statement, we considered the Carroll County, Illinois Circuit Clerk's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of Carroll County, Illinois Circuit Clerk's internal control. Accordingly, we do not express an opinion on the effectiveness of the Carroll County, Illinois Circuit Clerk's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore material weaknesses or deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control that we consider to be significant deficiencies, which are described in the accompanying schedule of findings and responses as items 2017-001, 2017-002, and 2017-003.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Carroll County, Illinois Circuit Clerk's financial statement is from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Responses to Findings

Carroll County, Illinois Circuit Clerk's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. Carroll County, Illinois Circuit Clerk's responses were not subjected to the audit procedures applied in the audit of the financial statement and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of Carroll County, Illinois Circuit Clerk's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Carroll County, Illinois Circuit Clerk's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The management of the Carroll County, Illinois Circuit Clerk is responsible for establishing and maintaining effective internal control over compliance with requirements listed in the first paragraph of this report. In planning and performing our examination, we considered the Carroll County, Illinois Circuit Clerk's internal control over compliance with the requirements listed in the first paragraph of this report in order to determine our examination procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the annual audit requirements included in the Clerks of Courts Act (Act) and the Circuit Clerk Audit Guidelines as noted by the Act, but not for the purpose of expressing an opinion on the effectiveness of the Carroll County, Illinois Circuit Clerk's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Carroll County, Illinois Circuit Clerk's internal control over compliance.

A *deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with the requirements listed in the first paragraph of this report on a timely basis. A *material weakness over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a requirement listed in the first paragraph of this report will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the annual audit requirements included in the Clerks of Courts Act (Act) and the Circuit Clerk Audit Guidelines as noted by the Act. Accordingly, this report is not suitable for any other purpose.

Carroll County, Illinois Circuit Clerk (A Department of Carroll County, Illinois)

Schedule of Findings and Responses

Finding (2017-001):

Criteria - The *Governmental Auditing Standards* require that management prepare the financial statements with footnote disclosures.

Condition – The Circuit Clerk relies on the external auditors to prepare the financial statements with footnote disclosures.

Cause - The Circuit Clerk does not have an internal control policy in place over annual financial reporting that would enable management to prepare its annual financial statements and ensure related footnote disclosures are complete and presented in accordance with the modified accrual basis of accounting.

Effects or Potential Effects – The completeness of the financial statement disclosures and the accuracy of the overall financial presentation is negatively impacted as external auditors do not have the same comprehensive understanding of the Circuit Clerk's Office as its internal financial staff.

Recommendation - It does not appear to be economically feasible to hire additional personnel to help prepare the financial statements and required footnote disclosures in accordance with accounting principles generally accepted in the United States. However, the Circuit Clerk Office's close review of financial statements and required footnotes prepared by the external auditors appears to be the most economical and appropriate manner to help ensure complete and proper financial reporting.

View of responsible officials and planned corrective actions - The Circuit Clerk will continue to review the financial statements and required footnotes prepared by the external auditors. The Circuit Clerk believes this process to be the most economical and appropriate to help ensure complete and proper financial reporting.

Finding (2017-002):

Criteria – The Administrative Office of the Illinois Courts requires Circuit Clerks to prepare a year-end trial balance as underlying support for the required financial statement.

Condition – The Circuit Clerk relies on the external auditors to prepare the year-end trial balance.

Cause – The Circuit Clerk does not have an internal control policy in place over the year-end trial balance that would enable management to prepare its year-end trial balance in accordance with the Circuit Clerk Audit Guidelines issued by the Administrative Office of the Illinois Courts

Effects or Potential Effects – The completeness of the year-end trial balance and the accuracy of the overall year-end trial balance is negatively impacted as external auditors do not have the same comprehensive understanding of the Circuit Clerk as its internal financial staff.

Recommendation - The Circuit Clerk should be able to identify where its cash should be disbursed in the following month and, therefore, prepare a trial balance for the Circuit Clerk Agency Fund. There is a sample trial balance included with the Circuit Clerk Audit Guidelines issued by the Administrative Office of the Illinois Courts. However, the Circuit Clerk's close review of year-end trial balance prepared by the external auditors appears to be the most economical and appropriate manner to help ensure complete and proper year-end reporting.

Carroll County, Illinois Circuit Clerk

(A Department of Carroll County, Illinois)

Schedule of Findings and Responses

Finding (2017-002) (continued):

View of responsible officials and planned corrective actions - The Circuit Clerk will continue to review the year-end trial balance prepared by the external auditors. The Circuit Clerk believes this process to be the most economical and appropriate to help ensure complete and proper year-end reporting.

Finding (2017-003):

Criteria - Internal controls should be in place that provide reasonable assurance that not one individual handles a transaction from its inception to its completion.

Condition - There is inadequate control over the functions of processing and recording the financial transactions of the Circuit Clerk due to the inadequate segregation of duties stemming from limited personnel.

Cause – The Circuit Clerk deputy processes disbursements and is essentially the check signer using an e-signature.

Effects or Potential Effects – As a result of this condition, there is a higher risk that errors or irregularities could occur and not be detected and corrected within a timely period.

Recommendation – In a small office environment, it may be impractical to achieve an ideal segregation of duties. However, when this condition exists, management's close supervision, review of accounting information, and segregating of duties among the limited number of employees as able is the best means of preventing or detecting errors and irregularities.

View of responsible officials and planned corrective actions – Management will continue to maintain close supervision, review accounting information, and segregate duties as able, but an inadequate segregation of duties problem will remain due to the limited number of staff.
